What the heck is Instagram good for anyway?!
The great algorithm in the cloud. What the hell is a story?
#whatsahashtaggoodfor

Sit down with Jason Holley for a morning and it will all make a little bit more sense. We will start with the basics of how to use the app, business vs personal, multiple accounts. Then we'll talk hashtag clouds, content creation, and small group collaboration. After that it's up to you. Bring your questions, frustrations and ideas. This is not a presentation. We will be working. Bring your phones and laptops.

Applicable to any business owner!
Spread the word as anyone can benefit from this informative workshop!
